

Austrey NDP Steering Group

Minutes of meeting held via Zoom Thursday July 30th

Present: Sam Goldney Neate (SGN) Elaine Horton (EH) and Louise Kirkup (LK).

HS2

As HS2 affecting Austrey has now been officially withdrawn, any references to it in the NDP document can be removed. LK to amend/annotate where appropriate and resend to clerk @Austrey PC to upload to website.

EH to ask LT to upload the email from the HS2 Engagement Manager which confirms this to the PC website for public information.

Local Green Space

An enquiry has been received from local landowner Eaton Walker about the accuracy of measurements regarding the village green. LK advised that measurements were taken by NWBC via their dedicated mapping tool. SGN to request details from Mr Walker of any perceived inaccuracies and request a response within one week.

General Review

The steering group agreed there were no further issues at this stage, so once the mapping query is resolved, all documents are ready to be submitted to NWBC.
